New Leaders Join Administrative Team

As Addison Trail High School prepares to open the 2008-09 school year, some new faces will join the administrative team to contribute to the goal of **improving student achievement and personalizing the learning environment.**

Joining Principal Dr. Scott Helton and Assistant Principal Michael Bolden are **two new Assistant Principals** who will have responsibilities for Curriculum and Instruction as well as Pupil Personnel Services.

Mr. Adam Cibulka is a familiar face in the Addison Trail school community. He spent the last four years in the Social Studies Department and served as Department Chair during the 2007-08 school year.

Mrs. Lisa Bollow brings many years of experience from working previously as an Assistant Principal at Lyons Township High School. She also worked as a Dean and Special Education teacher during her tenure.

Mr. Adam Cibulka

Mrs. Lisa Bollow

Building The Future in District 88: Construction Underway!

Construction will be underway for Building The Future at both Addison Trail and Willowbrook High Schools during the 2008-09 school year. The administration and staff are committed to providing a safe learning environment with the least amount of disruption.

As significant changes occur, such as the re-location of classrooms or traffic patterns inside and outside of the building, students will be notified through signage and bulletin announcements. The daily communication between staff and students will be important to ensuring success during the ongoing transitions.

Safety and security in the buildings remain a top priority, particularly with numerous contractors and machinery on campus. The requirement of having all adults register at the main entrance and display identification will continue to be an important safety measure. Please note that construction will be year round to meet the targeted completion date of 2010.

Although the project requires flexibility from the entire school community, the renovations and enhancements will offer students relevant and future-oriented opportunities for learning.

Another College Track

301 S. Swift Road
Addison, IL 60101
630-620-8770
www.tcdupage.org
www.daoes.org

DuPage Area Occupational Education System

DAOES is one of Illinois' regional Career and Technical Education (CTE) systems, based in Addison. Its two main functions are to plan for the delivery of CTE for the western suburbs and to oversee the operation of the Technology Center of DuPage in Addison.

implementation of Tech Prep, a program that prepares students for post-secondary education, whether college, technical school, or industry apprenticeships.

Agencies such as College of DuPage and the University of Illinois partner with DAOES to improve academic competencies of students. DAOES also establishes partnerships with area businesses and industries to provide DuPage area students with the most current career information and work-based learning opportunities.

Resource for Students and Parents: www.parentsresourcesite.net

The TCD Mission:

Technology Center of DuPage will provide an educational environment that supports and encourages individual learning styles, develops occupational skills, fosters professionalism, promotes academic growth, and assists students in discovering their potential.

Among TCD's 21 Programs:

- Computer Information Systems
Electronics & Pre-Engineering Technology
Cosmetology
Culinary, Pastry Arts & Hospitality Management
Certified Nurse Assistant
Criminal Justice
Fire Science
Medical & Health Care Careers
HVACR (Heating-Ventilation-AC-Refrigeration)
Manufacturing Technology
Pre-Architectural/Pre-Engineering CAD
Residential Wiring/Home Technology
Multimedia & TV Production

TCD: not your father's DAVEA

Students now have the opportunity to earn transferable college credit through their TCD program. The learning style is still hands-on, individualized, and self-paced, but the emphasis is on transitioning to a college-level program.

In the past three years, students enrolled in TCD programs have earned over \$2 million in scholarships

Work-based learning experiences such as job shadowing and internships help students explore a career and add valuable experience and references to their portfolios.

Addison Trail and Willowbrook are among the 23 DuPage area high schools offering TCD as an elective to juniors and seniors 2 hours a day, 5 days a week. Students pay only a modest class fee; DuPage H.S. District 88 covers the cost of tuition and bus transportation.

For more information, contact the guidance office or call TCD at 630-620-8770.

Longtime Addison residents can remember the 1974 opening of DAVEA, a high school vocational campus. It prepared students for entry into the workplace right out of high school.

By the mid-1980's, technology and a global economy changed everything. Today, in addition to occupational skills, the former DAVEA — renamed Technology Center of DuPage in 1998 — offers curricula aligned with the Illinois Learning Standards in academics, workplace skills, and career exploration.

August 20, 2008
TCD school year begins

- Find answers to your questions
- Complete application forms
- Make changes to your account
- Get help understanding your **Social Security Statement**
- And much more

CATHY ANTON, a representative from the Chicago Social Security office will present information about the services available online and answer your questions about the security of applying for information and benefits online.

Learn how easy it is to use their Website.

Hat and Coat:

REFLECTIONS OF A PHOTOJOURNALIST

Thursday, October 2, 7 pm

For **JERRY TOMASELLI** and other **Sun-Times** photographers, "hat and coat" was the cryptic but unmistakable command to drop whatever you were doing and head to the scene of a breaking story.

Jerry will share more than 20 years of memories and the dramatic photos behind them, ranging from sports to disasters, from light-hearted moments to heart-rending tragedies. His lens has captured compelling stories of the rich and the famous along with the colorful but little known denizens of Chicagoland.

Addison Reads...Do You?

COD PEP Volunteers

Join the College of DuPage People Educating People Volunteers as a volunteer tutor for adults in ESL, reading, or basic math classes. The next training series is November 15 and 22, 2008. For more information, call Joan Morris at 630-942-3788.

Join the Friends of the Addison Public Library!

Meetings: Wednesday, August 27 and September 24, 7 pm

Who are the Friends, you may ask? The answer is anyone who is interested in supporting the Library. The Friends organization conducts a variety of fundraising activities which generate money to purchase materials, services, and equipment beyond the limits of the ordinary Library budget. It encourages the community to use the Library. The group meets on the 4th Wednesday of each month.

New Friends' members receive a one-time \$5 credit on their Library account. This credit can be used to pay fines.

To join, clip the application; complete it; and send it to the Friends with your membership check.

USE YOUR HEAD, USE A HELMET.

What is a bike helmet

A helmet protects your brain when you fall. It has a plastic shell on the outside and foam inside. It has a strap to keep it on when you fly through the air. It only covers your head, and the rest of your body is still exposed. So you still have to be careful.

How does a helmet work?

The foam crushes when you hit the road. That cushions the blow, and usually saves your brain. The shell makes it skid on the street so your neck does not get jerked. The shell also keeps the foam in one piece. It can split when you hit the car and not be there when you hit the street.

If the strap is not right, your helmet can slip to the side or to the back. Then your bare head hits the road. Ouch. Pavement is very very hard.

Why wear one?

Being careful and not crashing is the best way. That's better than crashing in a helmet! The helmet only covers your head. So you need to learn the rules of the road and how to ride with them. But even the best riders crash. If you hurt your brain it can change you. You may not be able to read this page, or play video games, or talk, or run, or tie your own shoes or even feed yourself. Some people do not wear bike helmets. Don't let that stop you. You need one when you ride your bike. They do too, but they just don't know it yet.

How do I pick one?

Find a helmet that fits you. That's really the most important part. That will keep it on your head while you fly through the air or over the handlebars. Work on the straps to get the fit just right. You will probably need somebody to help you do that. You don't have to pay a lot for a good helmet. But be sure it fits you, you like it and you will wear it.

Your helmet is good for only one bad crash. That damages the foam and you have to replace it. So you can wear a bike helmet to skate if you use inline skates and don't crash every day. For skateboards where you do crash a lot, you need a different helmet that recovers after a crash. Skateboard helmets have a sticker inside that says ASTM F-1492.

Reprinted with permission from the Bicycle Helmet Safety Institute

For more information visit www.bhsi.org

Your helmet should sit level on your head, like in the third picture.

NEWS FROM THE

Village of Addison

BACK TO SCHOOL 2008

From the Mayor's Desk ...

We've all heard the adage about how important first impressions can be.

The impression a visitor forms about our community can determine whether they are willing to move to Addison, or spend their sales tax dollars here.

The Village Board and Staff

feel that billboards – and some of the ventures advertised on them – can create a negative image of the area in which they appear.

These billboards are not allowed within our corporate limits, and as unincorporated properties are annexed into the Village, we insist upon the removal of them.

The Forest Preserve District of DuPage County feels the same, and it was through their efforts that the billboard east of Lake Street and Villa Avenue was recently removed.

This was the 7th billboard to be removed in our area since 1988.

The District purchased the property several years ago, and sought to have the billboard removed at the end of its lease. The billboard company took the District to court to stop its removal, and when they lost, offered the District a substantial sum to keep it in place.

We appreciate that Forest Preserve District – especially President Dewey Pierotti and District 1 representative Marsha Murphy – stood their ground and supported Addison's efforts to beautify our community.

Respectfully,

Larry Hartwig
Mayor

'Addison By the Slice' to be held Aug. 5

7th Annual Pizza Contest Lets Public Choose 'People's Choice'

What's better than a nice, hot slice of pizza, enjoyed on a summer evening along with musical entertainment? Enjoying *several* slices from restaurants throughout Addison, and then casting your ballot for the best pizza in town!

"Addison By the Slice" Pizza Bakeoff returns on Tuesday, Aug. 5 from 6 - 9 p.m. on the Village Green, presented by Comcast.

The Addison Police Department will be on hand for "National Night Out," along with the Addison Park District with games for the kids.

Musical entertainment will begin at 6 p.m., when New Odyssey performs. Then at 7:30 p.m., the Limited Edition Big Band will perform as part of the "Concerts in the Park" program, sponsored by Addison Center for the Arts and the Addison Cultural Arts Development Commission.

Celebrity judges will present awards in several categories, such as Best Crust, Best Sauce, etc., following a blind taste test. But the most important award – the "People's Choice" Award for Best Pizza in Addison – will be decided by popular vote.

Cast your ballot at the Addison Police Department's National Night Out booth, and pick up information from McGruff, the Crime Fighting

Dog on Neighborhood Watch and **continued on page 15**

Last year's "Addison By the Slice," drew more than 1,500 people, who sampled pizza from Addison vendors. Three restaurants went home with awards.

Commitment to Excellence

Village Employee
of the Month

**Joseph
Muraglia**
**Public
Maint.
Worker**
Public Works
May 2008

Joe Muraglia has been a Village employee for more than 21 years. He works as a Public Maintenance Worker III in the Sewer Division of the Public Works Department, and is responsible for maintaining the sanitary and storm lift stations.

Joe and his wife Lisa have four children. Their oldest Amanda is 20, their son Joey is 16, daughter Samantha is 11 and their youngest Emily is 7.

Joe's hobbies include building and racing model slot cars with his younger children.

In his spare time, Joe enjoys coaching his kids in sports activities and attends all their games.

Share your Experience

Please remember that we need your help in choosing Employees of the Month.

To nominate someone, visit www.AddisonAdvantage.org/employee_month.htm.

Back to School Safety

**Police
Beat**

When everyone starts storing away their picnic tables, 4th of July napkins, sunscreen and beach sandals, you know that school is about to begin! Streets leading to schools will no doubt be congested and the risk of accidents will increase. As a proactive police department, officer presence will be more abundant to enforce laws that were made to reduce risk and/or injury. Some of these laws are:

- **Parking Where Prohibited** – No person shall stop or park a vehicle on the roadway side of any other vehicle stopped or parked at the edge or curb of a street (Double Parking) ... or any other place where signs prohibit (No Parking Zones & No Drop Off Zones).

This law is extremely important since double parking usually contributes to traffic jams on or around school property. More importantly, drivers may not be able to stop in time when an individual crosses the front of their vehicle.

- **Improper Parking at Right-hand Curb** – Every vehicle stopped or parked on a roadway shall do so with the right-hand wheels parallel to, and within 12 inches of the curb (Pulling up all the way to the right-lane curb to let out children).

Children should never have to cross a lane of traffic after exiting a vehicle. This poses a risk of being struck by a vehicle attempting to pass.

- **Blocking a Private Driveway** – No person shall park a vehicle, occupied or not, in front of a public or private driveway, or within 15 feet of a fire hydrant.

Drivers should be courteous to homeowners attempting to enter/exit their property.

- **Approaching, overtaking, and passing a school bus** – The driver of a vehicle shall stop such vehicle before meeting or overtaking, from either direction, any school bus stopped at any location for the purpose of receiving or discharging pupils. The driver of the vehicle shall not proceed until the school bus resumes motion or the driver of the vehicle is signaled by the school bus driver to proceed or the visual signals are no longer actuated.

Drivers should be aware of their surroundings especially when a school bus is present.

The aforementioned laws were developed to maintain a level of safety and time-efficiency when dropping off children and picking them up. Please heed extra caution when driving through school zones. If you have or need additional information, please contact the Addison Police Department Traffic Unit at 630-543-3080.

Curbside Inspection Program Aids Property Values

The Village of Addison has initiated an inspection program to ensure that every home is being maintained to certain minimum standards. This program will assist in maintaining, if not increasing, your property values.

An inspector from the Community Development Department will visit all neighborhoods to conduct a curbside inspection. Each residence will be mailed a notice a week or two prior to the actual inspection.

Each residential property will be inspected from the public right-of-way to verify that a required level of maintenance and code compliance is being achieved. The inspector will only be on private property to leave a notice of correction.

If maintenance issues are observed, a notice of correction will be left, typically at the front door of the house. The notice will identify deficiencies and the time frame allowed to resolve them.

The typical issues will address the maintenance and aesthetics of each site, such as:

- Driveways, sidewalks, fences and sheds must be kept in

proper repair.

- Grass should not grow higher than six inches.
- Roofs, siding, window and doors must be maintained so that they are in good repair. Outside storage and trailers are not permitted in any front yard.
- Unlicensed and non-operating vehicles must be kept indoors; all vehicles must be parked on a hard surface.
- Trash containers, when not at the curbside, must be kept indoors or at least 12 feet behind the front of the house.
- Each house must have its address properly displayed with 4- to 12-inch high numbers, having a contrasting color to the background it is placed on, and visible from the street.

In addition to the previous listing, the following standards are also required, but not until May 1, 2009:

- Satellite dishes must be located at least 12 feet behind the front of the house.
- Transmission lines attached to a building must be concealed in a conduit that matches the

surface it is located on, including satellite and cable TV and telephone.

- Trees and shrubs must be trimmed to remove all diseased or damaged growth.
- As a safety concern, all trees, shrubs and bushes located adjacent to a walkway or the house must be trimmed so that they are no higher than 4 feet or that the lowest branch is not less than 3 feet above the adjacent ground level.
- Window air conditioners shall not be located in any window on the front of the house or on the side of the house within 12 feet of the front wall.

The Village wishes to work closely with all residents in maintaining their properties. However, the staff must enforce a consistent but fair policy throughout the community.

Please remember that only with your cooperation can property values be maintained, making Addison a better place to live.

Questions may be directed to Marge Nott in the Community Development Department, at 630/693-7543.

Addison Reads ... Do You?

Pizza Bakeoff

continued from page 13

other crime prevention programs.

Nardi's Tower of Pizza has won the coveted People's Choice Award every year since the contest began in 2002. Can one of our other pizza restaurants capture the throne for 2008? Come out to the Village Green on Aug. 5 to find out!

In case of rain, join us in the Village Hall rotunda.

Vehicle Stickers Available August 1

Vehicle stickers will go on sale Aug. 1. They can be purchased by mail or at the Village Hall Collection Office, and are valid Oct. 1, 2008 through Sept. 30, 2009.

Any vehicle that does not have a vehicle sticker after Oct. 1 will be ticketed by the Addison Police Department.

Residents who currently have a vehicle sticker should receive a pre-printed renewal form in the mail. Residents should verify the accuracy of the information, and may save time by using the return envelope provided. Applications are also available at *AddisonAdvantage.org*.

New residents may bring in vehicle registration showing your Addison address when applying for your sticker. All the information you need for the

sticker application can be found on your registration card.

Senior citizens, physically handicapped persons and/or veterans, and active full-time armed forces personnel must present proof of their status. To receive a senior citizen discount, the motor vehicle owner must reach the age of 65 on or before January 1, 2009. Physically handicapped persons must have a handicapped license plate on their vehicle to qualify for the discount.

Any discount fee shall only apply to one motor vehicle registered per individual. If an owner has more than one vehicle, the reduced fee will apply to the motor vehicle with the lowest license fee.

Collection Office hours are Monday 8 a.m. - 6:30 p.m. and Tuesday - Friday 8 a.m. - 5 p.m.

A Bit of Addison History

A stylized illustration of a windmill with four sails, set against a background of trees and a building. The illustration is rendered in a light purple color and is positioned on the left side of the 'A Bit of Addison History' section.

According to *Profiles Then and Now* by Elmer Krage, a lifelong Addison resident (1899 - 1988), there were quite a few self-propelled, steam-driven threshing rigs in the area.

Most of the machines were 12 horsepower. They were very clumsy to move; a man could walk much faster than the machines traveled.

Getting up steam in the morning required the engineer to start a fire around 4:30 a.m. He had to clean the flues and firebox, fill the oil and grease cups and keep stoking the fire. When he had 60-80 pounds of steam, he blew the whistle to let the countryside know that he was ready for another day.

Threshing from the field required a number of collecting wagons or hay racks with sideboards which could be loaded by one man. If the bundles had to be stacked on the wagon it required a pitcher and a stacker.

For a large machine, which could handle four wagons at one time and had a long self-feeder elevator, it took 12 to 16 wagons to keep the machine going at full capacity. Some crews threshed as many as 4,000 bushels of oats in a 14-hour day.

Feeding the crew was another huge chore. At around 9 a.m. they had lunch — beer, cheese, sausage, bread and butter. Dinner was at noon, and it was a substantial meal. Coffee time came at 3 p.m., and supper when they quit, usually at 7:30 or 8 p.m.

The ladies were glad when threshing was over, each vying with neighbors in preparing a delectable meal. The meal played a prominent part in the attitude of the crew. Some scrimped on meals and then had a hard time getting enough help the following year.

Community Days Brings Fun to Friendship Plaza

Addison’s annual “goodbye” to summer returns to Friendship Plaza Friday, Aug. 8 through Sunday, Aug. 10, bringing lots of food, entertainment and family fun.

The fest opens at 5 p.m. on Friday, and 2 p.m. on Saturday and Sunday. There will be a \$2 entry fee into the fest; children under 12 are free.

This year marks the return of the Miss Addison Contest after a two year break. The contest will take place on the Community Stage at 3 p.m. Saturday, with the winner announced on the Main Stage at 8:30 p.m. that evening.

For the most up-to-date scheduling information, check Addison Community Television, as well as the Village website at AddisonAdvantage.org.

Hi Infidelity

- **Sunday, 8 p.m. – Ides of March, featuring Jim Peterik:** hits include “Vehicle,” “Caught Up in You,” and “Eye of the Tiger.”

Village Bond Ratings Upgraded To ‘AA+’

Village’s Sound Financial Standing Cited

Recently, the Village of Addison was notified that two bond rating agencies – Fitch Ratings and Standard & Poor’s – have assigned the Village a “AA+” rating.

This new rating from Standard & Poor’s, upgraded from “AA,” and reaffirmed rating from Fitch will be applied to the Village’s issuance of \$6.2 million general obligation corporate refunding bonds.

In reaffirming the rating it originally gave the Village in June 2000, Fitch cited, “the village’s growing economic base, sound financial position and modest debt burden.”

Standard & Poor’s raised the rating based on “good managerial practices that have helped the

village maintain very strong financial reserves.”

These bond ratings boosts will help the Village gain more competitive interest rates, which saves money in the long run, said Mayor Larry Hartwig.

“It also shows that our Board and Staff are working in a fiscally responsible manner, which is something we consider to be our top priority,” Hartwig said.

The upcoming bond issue is to refinance those issued in 1998 for the building of the Village Hall. The refinance will save the Village approximately \$200,000 – of that, approximately \$10,000 is due to the new bond rating.

Digital TV Conversion

On Feb. 17, 2009, all full-power television stations will stop broadcasting in analog format and will broadcast their signals in digital format only. This is commonly known as digital television, or DTV.

Residents who currently receive their over-the-air programming on an analog television using a broadcast receiver, either set-top antenna or roof-top antenna, will need a digital-to-analog converter box to continue watching broadcast television on that television after Feb. 19, 2009.

These converter boxes will cost approximately \$50 to \$70 each and will be available in retail stores. Additionally, to help defray the cost of the boxes, each household may request two coupons, worth \$40 each, to be used toward the purchase of eligible digital-to-analog converter boxes. This coupon program is being administered by the National Telecommunications and Information Administration (NTIA), and more information can be found at www.dtv2009.gov or by calling 1-888-DTV-2009.

Kids's Theatre Show

The 16th annual Children's Theatre Performance will take place Aug. 1 & 2, under the direction of Craig Sjogerman and music director Michael Weiser.

Children ages 7 - 15 will perform their "pirate" showcase at 7 p.m., Friday, Aug. 1 at Wesley School, 1111 Westwood Trail.

They will also perform Saturday, Aug. 2 at the "Mid-Summer's Faire."

For more information log onto www.addisontheatre.org.

Shredding Day

DuPage County and the Village of Addison will offer a free Document Shredding Day on Saturday, Aug. 23, from 9 a.m. to noon at Friendship Plaza.

The service is limited to three boxes or grocery bags of paper. No binder clips, 3-ring binders or hard covers should be in the material.

For more information, or questions, call 630-407-6700 or visit www.dupageco.org and click on "waste" under quick link.

EDUCATION

Back to School
2008

Published by the Board of Education of School District 4

New administrators assigned

The beginning of a new school year will bring a number of changes to the administrative team at School District 4. Two new principals, one assistant principal, two junior high school deans and a technology specialist will be in place when school resumes in August.

New to Addison is Daniel Johnson, the incoming principal for Lincoln School. Johnson most recently served as a principal in Des Plaines School District 62. Prior to that, Johnson spent twelve years in Riverside as assistant principal and band director. Johnson earned his bachelor's degree in Music Education from Northern Illinois University, a Master's degree in School Leadership from Concordia University and is currently in a doctoral program at Loyola University. Johnson is very excited about the move to Lincoln and he's looking forward to making connections and building relationships with the teachers, students and parents there.

Dan Johnson

Army Trail School's new principal is Bob Pape. Pape is a familiar face in the District having served for the last two years as an assistant principal at Indian Trail Junior High. He began his tenure in District 4 in August, 2005 when he was hired as assistant principal at Army Trail.

"I'm looking forward to going back to Army Trail to work with the staff and families there," said Pape. "My goal is to help the students gain the desire to be successful in school and life, to provide them with resources that will allow them to learn to the best of their abilities."

Carolyn Young, Craig Bennett and Bob Pape at May Board of Education meeting

Craig Bennett, currently a dean at Indian Trail, will begin serving as assistant principal at the junior high in fall. Bennett began teaching in District 4 as a social science teacher in 2001.

Carolyn Young, who also taught social science at Indian Trail was appointed to serve as dean of students. Young has been with District 4 since August, 2003 and served as acting dean during the spring semester of the 2007-08 school year.

John Bunnell

John Bunnell has been hired as a dean at Indian Trail. Bunnell served as a school social worker in an alternative high school in Palatine for the past eight years. Bunnell's educational background includes degrees in psychology social work and administrative certification from Aurora University.

The position of Hardware/Network Specialist has been filled by William "BJ" Gray. Gray joins District 4 from the corporate world as an experienced network administrator. His skills and background will be a welcome addition to the technology team as he fills a role previously contracted to an outside firm.

B.J. Gray

The Addison School District 4 community . . .

Provides a safe and nurturing learning environment

*Empowers all students to excel in the classroom and beyond
Embraces individual differences*

Art program coming to Fullerton

Fullerton School art teacher, Camille Strode, applied for and was awarded classroom materials which she will use to implement the *Picturing America* program with students in the fall.

Picturing America is a new initiative from the National Endowment for the Humanities conducted in cooperation with the American Library Association which brings masterpieces of American art into classrooms and libraries across the nation.

As explained on their website, www.picturingamerica.neh.gov, "*The nation's artistic heritage—our paintings, sculpture, architecture, fine crafts, and photography—offers unique insights into the character, ideals, and aspirations of our country.*

"By bringing high-quality reproductions of notable American art into public and private schools, libraries, and communities, Picturing America gives participants the opportunity to learn about our nation's history and culture in a fresh and engaging way. The program uses art as a catalyst for the study of America—the cultural, political, and historical threads woven into our nation's fabric over time."

Strode will be receiving 24" x 36" laminated reproductions of 40 works of art as well resource material to help guide student discussion and appreciation of these art pieces.

Nilles honored for service

Carol Nilles was honored for her many years of service as the President of the Addison Teachers Association at the Board of Education meeting in May. Nilles expressed gratitude for the positive relationships that she has enjoyed with the Board, administrative team and staff during her eight years leading the teachers group.

Dave Williams, Board of Education President, thanked Nilles for her efforts in creating a good working partnership between the Board and the ATA coming up with ideas and compromises during the negotiations process that work for the benefit of all.

Superintendent Don Hendricks remarked, "Carol has been a pleasure to work with. As an association president she is the best--always a professional and always above board."

Bell to Bell View from the Addison School District 4 Superintendent

The summer is coming to a peaceful end for us at School District 4. It has been a very exciting summer with renovation of the district office to allow for much needed space. This project should be completed by September. Our District 4 summer school was very successful for 270 of our 1st - 7th grade students. And this summer we housed the Addison Trail High School summer school for 200 high school students. The high school held their summer school at our junior high school due to the summer construction/renovation at the high school.

We have two new principals beginning this fall. Robert Pape, formerly the Indian Trail Junior High School Assistant Principal (and former Army Trail Assistant Principal) will be the new principal of Army Trail School. Mr. Pape knows the Army Trail community well. Daniel Johnson will be the new principal at Lincoln School. Mr. Johnson comes to us from Des Plaines School District and has good experiences that will be a great asset to Lincoln School.

This fall we hope to have in place a before and after school program at Army Trail School operated by the Addison Park District. This will be a pay as you participate program and should be helpful to parents who need to drop off their child early (by 6:00 a.m.) or pick-up their child late (by 6:00 p.m.). The program will be offered to all District 4 parents and the Park District will provide busing from Army Trail School to the other schools in the morning. Please contact the Addison Park District in August for more information.

Enjoy the remainder of the summer!

Sincerely,

D. Donald Hendricks
Dr. Donald Hendricks
Superintendent

New student registration info

Families who are new to Addison School District 4 may pick up registration materials for the 2007-08 school year during summer at the Administrative Office, 222 N. Kennedy Drive. Office hours are 7:45 am - 4:00pm.

The student fees for the 2008-09 school year are as follows: Kindergarten \$45.00, Grades 1-5 \$60.00 and Grades 6-8 \$90. These fees cover consumable materials such as work sheets and periodicals used by students.

Junior high students must also purchase a gym locker lock (\$5.50) and a gymsuit (\$19.50).

Paid busing is also an option for those elementary students new to the district who live within .9 mile of their elementary school or for junior high students who live within 1.5 miles of Indian Trail. For parents who make a one-time payment, the fee is \$310. Those who choose a six-month installment plan will pay \$330.

Students involved in athletics, band, orchestra or choir will also be required to pay a fee of \$30 (\$20 for 5th grade band/orchestra) in order to participate in these activities.

Many schools have established specific date when registration materials can be turned in to the schools. Please check the following list for the dates and times that you can register your students if you have not already done so.

Health requirements

All students new to the district, as well as those entering kindergarten and sixth grade (unless we have a 5th grade physical on file), are required to present proof of a recent physical exam and current immunization record in order to attend classes in fall.

Immunizations are available from the DuPage County Health Department for a reasonable fee for each vaccine. Parents must accompany their children to the clinic and must present their children's current immunization records in order to receive the vaccine.

Call 630-682-7400 to make an appointment.

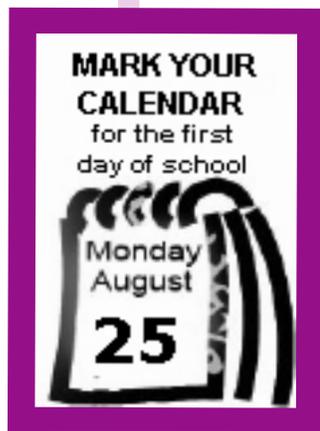

DuPage County Health Department

North Public Health Center

1111 W. Lake Street

Addison, IL 60101

**CHILDREN WILL BE
EXCLUDED FROM SCHOOL
FOR THE 2008-09 SCHOOL
YEAR UNTIL THEIR
IMMUNIZATIONS AND
PHYSICAL EXAMS ARE
CURRENT.**

Schedule pick-up at ITJHS

ALL Indian Trail Junior High School students are being asked to come to school in August to complete the final steps required for them to begin the 2008-09 school year. On August 12-14, students and their parents must come to school to pick up schedules, busing information and gymsuits and to have student photos taken. It is hoped that this process will help to start the school year with all the administrative tasks completed, so students can focus on learning from the very first day. The schedule is as follows:

6th grade Tuesday, August 12
7th grade Wednesday, August 13
8th grade Thursday, August 14

Between the hours of
8:30-11:30am and 1-3:00pm
each day

The following staff members will be recognized for their years of service to School District 4 at the opening Institute Day breakfast on Thursday, August 21.

20 years

- Carolyn Belongia
- Karen Coffinbargar
- Donna Johnson
- Jenny Poremba
- Carol Marek

25 years

- Karen Koch
- Petra Siprian

30 years

- Mary Mehl

35 years

- Carol McGuire

We are grateful for their dedication and efforts in providing a high quality educational experience for the children of District 4!

Battle of the Books culminates with District competition

Students in 4th and 5th grade in all of District 4's elementary schools focused during the spring months on reading books that were on a prescribed list of outside reading material.

Teams of students competed on the classroom level and on a school-wide level, with the first place team from each school progressing to a District-wide battle which was held at Army Trail School in May. Each team was given the opportunity to earn points by answering questions such as "In which book did a cat eat Kitty Fritters?" (Skinnybones by Barbara Park) and "In which book is there a secret hideout in the room above the garage?" (Changes for Molly by Valerie Tripp). Teams were able to earn additional points by correctly identifying the author of the book.

At the District Battle, Mr. Ruffie's Army Trail students took first place at the 4th grade level. Mrs. Infantino's team from Fullerton won the 5th grade competition.

The winning teams were recognized at the Board of Education meeting on June 23, where Dr. Mary Ellen Reeves commented, "This program has value in the individual effort required to read the books as well as in the area of team work.

It's so interesting to watch the students during the competition as they discuss answers and work to convince their teammates in order to respond with the right answer."
