Only those issues identified in the Housing Manual as inspection issues shall be used to determine the grade of the annual inspection. Based on this inspection grade, the schedule of the next annual, semiannual and/or exterior inspection shall be determined, as provided in Section 10-85.2 below.

- (D) The total number of dwelling units (excluding owner occupied) inspected in the building, plus one for interior common areas and plus one for the exterior common area of the building, including all accessory structures, shall determine the total number of inspection areas used in calculating the annual inspection grade. For those condominium units or townhomes (that do not have maintenance responsibility for the exterior or common interior areas) that are to be inspected, there shall only be one inspection area. No interior common area or exterior common area issues shall be inspected or graded as part of this program other than balconies, patios, decks, exterior screens and dwelling unit door closers for the unit being inspected. (Ord. 10-6; 11-17; 14-09)

Sec. 10-85.2. Inspection Grading System.

- (A) Each property required to have a Residential Rental License shall be given an inspection grade at the conclusion of any annual inspection. The total number of violations and deficiencies observed at the time of the annual inspection divided by the total number of inspection areas shall determine the inspection grade of the building. A building having two separate entrances, each with a different address, shall be considered two buildings when the interior common area is not continuous throughout the building. If the building has two entrances, each with a separate address with the interior common hallway allowing for passage from one entrance to the other, only one Residential Rental License shall be issued.

If there are two licenses, the exterior areas shall be divided accordingly by determining a reasonable center point between each entrance which shall act as a dividing line for the inspection areas. All exterior common areas and accessory structures shall be inspected based on the proximity of the area to each building being inspected and the related uses.

Exterior areas that extend beyond property lines that are not under direct ownership of the building owners shall be inspected as part of the building's exterior area by dividing the property in half based on the proximity of the next building.

- (B) Any building having, on average, one or less violations or deficiencies at the completion of an annual inspection shall receive an inspection grade of Very Good. An inspection grade of Very Good exempts the building from the next annual inspection process and the next annual Residential Rental License fee. However, the application for a renewal Residential Rental License shall still be submitted and approved on time and all reinspections are still applicable. Should a reinspection be required based on the results of the annual inspection no reinspection fee shall be assessed for the annual inspection. These exceptions shall be invalidated if within the twelve (12) months following the initial annual inspection, the respective building or site receives four or more valid service requests/code cases (complaints) that have not been corrected within seven (7) calendar days after being notified by the Village or is found guilty of a violation of the housing program regulations. This exemption shall not be approved if during the annual inspection, there is any violation relating to infestation or there are four (4) or more violations in the common area or if the current rental license fee has not been paid on a timely basis as per Section 10-81 of the Village Code, in which case the building shall be graded as Satisfactory. By achieving and maintaining a Very Good grade on three (3) consecutive annual inspections and maintaining the associated Waived status, the building shall be exempted from the following two (2) annual inspections and the following two residential rental license fees, if maintained under the same ownership. Achieving a Very Good on the next annual inspection shall again exempt the building for an additional two (2) years from having any inspections or paying a license fee if maintained under the same ownership. If a rental license is not properly applied for before the beginning of the license year for the year of the waived status the waived status shall be withdrawn and the site shall be regarded as a Satisfactory, requiring both a license fee and the applicable inspections.

Any building having an average of more than one (1) but not more than three (3) violations or deficiencies per inspection area at the completion of an annual inspection shall receive a grade of Satisfactory. A grade of Satisfactory also requires that for the next Village residential rental license year, a Residential Rental License shall be applied for, paid for and issued and that another annual inspection shall be conducted and all reinspections and reinspection fees shall be applicable.

Any building having an average of more than three (3) violations or deficiencies per inspection area at the completion of an annual inspection shall receive a grade of Unsatisfactory. A grade of Unsatisfactory requires that a semiannual inspection be conducted. This inspection applies to all areas subject to an annual inspection. In addition, for the next Village Residential Rental License Year, a Residential Rental License shall be applied for, paid for and issued, another annual inspection shall be conducted, and all reinspections and reinspection fees shall be applicable. (Ord. 15-04)

- (C) Sites receiving a Very Good grade:

- (1) shall not be charged a reinspection fee for an annual inspection if such an inspection is required, and
- (D) Sites receiving a Satisfactory grade:
 - (1) shall be charged for the reinspection a fee of one hundred dollars (\$100.00) per unit where violations exist and/or the building fee if violations exist in interior common areas or the exterior of the building
- (E) Sites receiving an Unsatisfactory grade:
 - (1) shall be charged for the reinspection a fee of one hundred dollars (\$100.00) per unit where violations exist and/or the building fee if violations exist in interior common areas or the exterior of the building; and
 - (2) shall be charged a fee for one semiannual inspection equal to the annual license fee.

Sec. 10-85.3. Semiannual Inspections.

Semiannual inspections shall be conducted when an annual inspection grade of Unsatisfactory is determined. Semiannual inspections shall require the duplication of the annual inspection process allowing again the random selection of units to inspect. The semiannual inspection fee shall be the same amount as the annual inspection fee. (Ord. 10-26)

Sec.10-85.4. Reinspections.

Reinspections shall be conducted on an as needed basis when a scheduled inspection identifies violations or code deficiencies. Reinspections may identify additional issues in addition to those already identified. The fee for each scheduled reinspection shall be one hundred dollars (\$100.00) per unit where violations exist. If violations exist in interior common areas or the exterior of the building, a building fee pursuant to Section 10-85.1 shall also be assessed. (Ord. 10-26; 14-09)

Sec. 10-85.6. Payment of Certain Fees.

All reinspection fees shall be paid in full within thirty (30) days of the date the initial inspection was conducted or prior to the reinspection date whichever occurs first. Fees for all semiannual inspections shall be paid in full within thirty (30) days of the date the annual inspection was conducted or prior to the semiannual inspection date whichever occurs first. Fees for a reinspection and/or for any additional inspections shall be listed on the inspection report, no invoices or additional notices shall be provided for the payment of these fees. Fees for a No Show or Rescheduling of a scheduled appointment shall be paid in full prior to the rescheduled date or within thirty (30) days of the date of the missed inspection date, whichever occurs first. An additional notice will be sent if a No Show or Rescheduling fee is charged. All Rental Housing fees can be paid through the Addison Web Portal, by check through the mail or in person at the Village Hall during regular business hours. (Ord. 10-26)

Section 10-85.7. Scheduling Inspections.

The Code Official, or his authorized representative, is hereby authorized and directed to make inspections in order to determine the condition of the dwellings, dwelling units, rooming units and premises (collectively a dwelling located within the Village). The sole purpose of such inspections shall be to determine whether such dwellings comply with the provisions of this Article, Section 15.3E of Chapter 15, Section 17-32 of Chapter 17, Section 1206 of the Subdivision Control Ordinance, and Chapter 24. The scope of such inspections shall be strictly limited to those areas of the dwelling that are required to be in compliance with this Article and Chapter 24. For the purpose of making such inspections, the Code Official or his authorized representative is hereby authorized to enter, examine and survey all dwellings and related areas and uses in the Village.

If the dwelling is vacant, the Code Official shall inform the owner of the scheduled inspection and shall request permission to enter the dwelling for the purposes of the inspection.

If a dwelling is occupied by a tenant, the landlord shall inform the tenant of the scheduled inspection and shall request permission from the tenant that the inspector be permitted to enter the dwelling if the tenant is not home at the time of the inspection. Failure to be granted permission shall require the landlord to provide in writing, the tenant's name, unit number and phone number to the Code Official no later than forty-eight (48) hours prior to the time of the scheduled inspection.

Every inspection and re-inspection shall be scheduled in writing.

The property owner or one of the three listed emergency contacts on the Rental License Application has the responsibility to meet the inspector at the time of scheduled inspection. Failure to meet the inspector at the time of the scheduled inspection shall result in the imposition of a no-show fee equal to one hundred dollars (\$100.00) for buildings with 1-17 units and one hundred fifty dollars (\$150.00) for buildings with eighteen (18) units or more for the first failure during a license year. Additional failures to be present on the prescribed date and time are subject to citations. The inspector must be present on site and allow an additional fifteen (15) minutes, unless confirmation from the property owner or their designee (of being late) is received before documenting that the inspection must be rescheduled.

Requests to reschedule an inspection shall be subject to a fee of fifty dollars (\$50.00) unless a request to change the inspection date is received a minimum of twenty-one (21) days prior to the inspection date. The notification time frame for the rescheduled inspection may be reduced to no less than five (5) business days within the date of the scheduled inspection if mutually agreed upon by the inspector and property owner and will not require written notification. (Ord. 10-26, 12-11; 18-02)

Section 10-86. Inspection of Building, Violations, Suspensions and Revocation of License.

- (A) Whenever, upon inspection of the licensed rental dwelling or rental dwelling unit, it is determined by the appropriate officials of the Village of Addison that conditions or practices exist which are in violation of the provisions of this or any applicable ordinance of the Village of Addison, the official making the determination shall serve the owner or agent with a notice of violation. Such notice shall identify the specific violations and state that unless

they are corrected within the time specified in the notice the operating license may be suspended. Notice pursuant to this Section shall be sent via email or by U. S. mail to or hand delivered to the party designated in the application to receive notices or process or their authorized representative.

Notwithstanding anything to the contrary set forth in this Article, valid complaints or service requests regarding a non-responsive licensee shall be processed as follows. After a tenant has notified the licensee or his designated representative of a code violation, the licensee has an obligation to resolve the matter within a reasonable timeframe. If the Village is notified of the failure of the licensee to comply, the Village shall notify the licensee and investigate the complaint. If the complaint is valid, and the licensee has not addressed the issue within seven (7) calendar days, the licensee shall be responsible for the payment of the inspection costs incurred by the Village and any subsequent reinspection costs. If it has been determined that the respective building has received four (4) or more valid service requests within twelve (12) months following the initial annual inspection, an additional inspection consisting of the building exterior, the interior common areas and all rental dwelling units shall be conducted and the building will be charged a fee the same as the initial license fee. The licensee shall pay said costs within fifteen (15) days of notification of such inspection or reinspection. Such notification shall be either by the service of an inspection report indicating the fee or of a letter either mailed or hand delivered. Should the licensee fail to pay said costs in a timely manner, said failure shall be a violation of this Article and the licensee shall be subject to additional penalties as hereinafter set forth. In addition, if the violation(s) found on the service request are not corrected within seven (7) calendar days after being notified by the Village, the valid service request shall be counted against the grade of the building as indicated in Subsection 10-85(B). (Ord. 14-09; 15-04)

- (B) At the end of the time allowed for correction of any violation cited, the building shall be reinspected by the appropriate Village officials to verify compliance. If compliance has not been achieved or if significant progress has not developed, the Village of Addison may issue an order for suspending the operating license. Violations caused by the tenant shall not be considered grounds for suspension of license, if the licensee is diligent in achieving compliance.
- (C) Any person whose license to operate a rental dwelling or dwelling unit has been suspended shall be given the opportunity to be heard by the Village of Addison in connection with the violations. Within twenty-one (21) days following the issuance of an order of suspension, the Village shall schedule a hearing to determine whether the license shall be revoked. The Village, as a result of such hearing, may grant additional time or may revoke the license. Prior to revocation any person whose license has been suspended may request a reinspection upon showing that the violation cited in the notice has been corrected.
- (D) If the licensee is convicted by a Court of a violation of any applicable ordinance of the Village of Addison in connection with the licensed building, then the licensee shall be subject to revocation.

- (E) In the event a condition of extreme hazard to health or safety is found to exist, the Village of Addison may immediately suspend the license.
- (F) If, upon reinspection, it is determined by the appropriate Village officials that the violations cited in the notice have been corrected, the license shall be reinstated by the Village of Addison. A request for reinspection shall not exceed the twenty-one (21) day suspension period unless the official responsible for sending the violation notice so requests.
- (G) Each day a building continues to operate after a license has been revoked shall constitute a separate violation of this ordinance subject to fine, as provided for in this Code.
- (H) Whenever the Code Official, upon presentation of proper credentials and request for entry to inspect, is refused access to any building, dwelling, dwelling unit, rooming unit, or premises, the Code Official is authorized to petition any judge for the issuance of a search warrant authorizing the inspection of such building, dwelling, dwelling unit, rooming unit or premises for the purpose of making such inspections as shall be necessary to the enforcement of the provisions of this Chapter or Chapter 24. (Ord. 04-40; 07-39; 10-26; 11-17; 14-09)

In consideration of the execution or renewal of a lease of the dwelling unit identified in the lease, Owner and Resident agree as follows:

- 1. Resident, any members of the resident’s household or a guest or other person under the resident's control shall not engage in criminal activity, including drug-related criminal activity, on or near the said premises. “Drug-related criminal activity” means the illegal manufacture, sale, distribution, use, or possession with intent to manufacture, sell, distribute, or use of a controlled substance (as defined in the Illinois Compiled Statues).
- 2. Resident, any member of the resident’s household or a guest or other person under the resident's control shall not engage in any act intended to facilitate criminal activity, including drug-related criminal activity, on or near the said premises.
- 3. Resident or members of the household will not permit the dwelling unit to be used for, or to facilitate criminal activity, including drug-related criminal activity, regardless of whether the individual engaging in such activity is a member of the household, or a guest.
- 4. Resident, any member of the resident's household or a guest, or another person under the resident's control shall not engage in the unlawful manufacturing, selling, using, storing, keeping, or giving of a controlled substance, at any locations, whether on or near the dwelling unit premises or otherwise.
- 5. Resident, any member of the resident's household, or a guest or another person under the resident's control shall not engage in any illegal activity, including prostitution, criminal street gang activity, threatening or intimidating, assault, including but not limited to the unlawful discharge of firearms, on or near the dwelling unit premises, or any breach of the lease agreement that otherwise jeopardizes the health, safety and welfare of the landlord, his agent or other tenant or involving imminent or actual serious property damage.
- 6. **VIOLATION OF THE ABOVE PROVISIONS SHALL BE A MATERIAL AND IRREPARABLE VIOLATION OF THE LEASE AND GOOD CAUSE FOR IMMEDIATE TERMINATION OF TENANCY.** A single violation of any of the provisions of this added addendum shall be deemed a serious violation and a material and irreparable non-compliance. It is understood that a single violation shall be good cause for immediate termination of the lease. Unless otherwise provided by law, proof of violation shall not require criminal conviction, but shall be by a preponderance of the evidence.
- 7. In case of conflict between the provisions of this addendum and any other provisions of the lease, the provisions of the addendum shall govern.
- 8. This LEASE ADDENDUM is incorporated into the lease executed or renewed this day between Owner and Resident.
- 9. In the case of a conflict between the provisions of this addendum and any controlling state or federal law, including Public Act 97-441 (65 ILCS 5/1-2.1-5) and Public Act 97-1150 (735 ILCS 5/9-106.2), the controlling state or federal law shall govern.
